### **FINRA APPOINTS DENNIS E. BOYLE, ESQUIRE, AS PUBLIC ARBITRATOR**

**Washington, DC...**Boyle & Jasari is pleased to announce that the Financial Industry Regulatory Authority (FINRA) has selected Dennis E. Boyle, Esquire, to serve as a Public Arbitrator. FINRA provides the largest forum for the settlement of securities disputes in the United States.

According to FINRA, “FINRA arbitrators are a diverse cross-section of dedicated individuals serving the investing public and the securities industry by resolving securities-related disputes. They are neutral, well-qualified and essential to maintaining a fair, impartial and efficient system of dispute resolution. FINRA arbitrators listen to both sides of a securities-related dispute, weigh the facts and render a final and binding decision.”

Boyle & Jasari represents individual investors who have been the victims of fraud or other misconduct by investment advisors, stockbrokers, brokerage firms or others involved in the financial services industry. The firm also represents individual investment advisors in disputes with their brokers. In addition to cases before FINRA, Boyle & Jasari also represents the victims of fraud in state and federal courts, as well as in other arbitrational fora.

“After appearing before FINRA arbitration panels for decades, I am honored to have been chosen by FINRA for this position. FINRA provides the largest forum for the resolution of investment disputes, and I look forward to assisting in the resolution of securities disputes,” remarked Attorney Boyle.

Boyle & Jasari is a boutique national and international law firm with offices in Washington, DC, Baltimore, MD, Philadelphia, PA, Harrisburg, PA, and Anchorage, AK. The firm represents companies and individuals in issues related to international and white-collar criminal law, securities and investment, and fraud-related matters in federal courts throughout the U.S., as well as in a variety of arbitrational fora and international courts. It represents forensic and domestic clients in matters that arise in the U.S. and around the world.
